RECOUP

Leading a more circular
plastics value chain

Data Summary

UK HOUSEHOLD PLASTIC PACKAGING COLLECTION SURVEY 2023

RECOUP is the UK's leading independent authority and trusted voice on plastics resource efficiency and recycling. As a registered charity, our work is supported by members who share our commitments including a more sustainable use of plastics, increased plastics recycling, improved environmental performance and meeting legislative requirements. We achieve these by leading, advising, challenging, educating and connecting the whole value chain to keep plastics in a circular system that protects the environment, underpinned by evidence and knowledge.

The content and analysis contained in this report is based on the information received. While every effort has been made to ensure the accuracy of the contents of this publication, RECOUP cannot accept responsibility or liability for any errors or omissions. Opinions expressed by external contributors may not reflect RECOUP positions. Recommendations provided herein are offered for the purpose of guidance only and should not be considered legal advice.

RECOUP publications are exclusively available to members for a period of 3 months before being released to the open domain. All information contained in this report will remain the subject of copyright and any reference made to this document must ensure that RECOUP is credited.
